## Oprah's audience get jewels

**PERTH** - Each member of Oprah Winfrey's 6000-strong Sydney audience will be given a white gold and diamond necklace, courtesy of mining giant Rio Tinto Ltd.

The necklaces will feature seven diamonds, including a rare pink Argyle diamond mined in Western Australia's Kimberley region, the company said yesterday.

They were designed specifically for the Oprah guests.

The necklaces were yet to be made but would be delivered to each of the 6000 guests, a Rio spokesman said.
